Chardonnay PURE

The grapes for the R Chardonnay come mainly from the Ruppertsberger Linsenbusch and Nußbien vineyards. Old red and yellow sandstone combined with lime marl dominate here. As far as we are concerned, the wine from each harvest combines what we love and appreciate so much about the Chardonnay grape and the Ruppertsberg soil. Salty, slightly oxidative fruit on the palate, with a great deal of depth and grip at moderate alcohol levels. We believe this represents the perfect introduction to our Chardonnay world.
